# BG2V Avocats launches its Ukrainian Department

DEC. 2022

We are proud to announce the launch of our Ukrainian Department led by Oksana Zoppini and Roland Guény.

Through this initiative, BG2V aims to offer comprehensive legal advice to Ukrainian-speaking entrepreneurs and companies to ensure the launch or continuity of their business activity in France, as well as to the French-speaking companies interested in investing in Ukraine.

*For several years now, we have been providing legal advice to companies on corporate matters, M&A issues and trans-border transactions in Ukrainian, Russian, French and English languages. We also handle litigation and pre-litigation dispute resolution.*

Our Ukrainian Department aims to support Ukrainian-speaking entrepreneurs, large companies, start-ups and medium-sized companies, whether they have been recently displaced into France, have been active in France for some time or are just considering entering the French market.

We also believe that our Ukrainian Department, with its extensive expertise in international investments and cross-border transactions, as well as a good knowledge of the Ukrainian language, will certainly be an important asset in the realization of the investment projects in Ukraine of our French and international clients.

In this respect, our law firm would be pleased to provide you with all the information on legal and regulatory incentives for investment in Ukraine, which are numerous, to help you to implement your investment project in Ukraine, by handling all the legal issues related to its successful accomplishment.
